

DNA Tags Portfolio

PAPER ARTWORKS

For print editions and works on paper

P01: Standard

P02: Simple

PC1: Custom

- Archival, permanently flexible and easy to apply;
- Measure 31mm in diameter

*Tags marked with an asterisk provide translucent areas that can be used with a signature or other mark on the material surface.

MOUNTED ARTWORKS

For works on/mounted on aluminium, wood and board

M02: Black

M03: Signature

- Quick and easy to apply
- Advanced security tags
- All tags in this range are 38mm in diameter
- *Special process applying a 10µ thin transfer to the surface.*

CANVAS ARTWORKS

For works on canvas

C01: Canvas

- Diameter 43mm
- Archival and permanently flexible, bonding into the canvas nap over time to provide a totally seamless identity that feels like an integral part of the material.

FRAMED ARTWORKS

Our frame tags use the same technology as our Mount tags.

F01: Standard

F02: Signature

- An option that can be used on their own where the work itself is not accessible and de-framing is not practical.

TAGSMART
